

Customer Due Diligence and KYC Policy

DOC-016 | Version 2026.2 | Synthetic internal policy

Policy statement

This fictional policy models enterprise KYC operations using public RBI terminology. It is not legal or regulatory advice.

Risk tiers

Tier	Illustrative control	Review
Low	Standard verification	Automated with exception queue
Medium	Enhanced evidence + rationale	Operations + compliance
High	Enhanced due diligence + senior review	Restricted compliance workflow

Customer acceptance principles

- Collect required information for approved purposes.
- Verify identity evidence before activation.
- Apply risk classification consistently.
- Escalate unresolved screening results.
- Retain records according to approved retention policy.

Public reference context

RBI maintains a KYC Master Direction and continues to update it. See `source_register.md` for the official 2025 amendment reference.
